

Most of what we know regarding the Civil War even today pertains to either famous battles - Antietam, Gettysburg, or Averasboro - or famous people - Stuart, Mosby, Grant, or Lee. However, many stories remain untold; shrouded in mystery. This book is an attempt to shed light on the enormous contribution of one such mysterious entity which in innovative ways fought to preserve the constitutional rights of its fellow Southern citizens. This was the Confederate Secret Service Bureau and Signal Corps. Though special operation units and clandestine operations have become the rage the world over, they are nothing new to American history. Long before there were any special operations units such as the Underwater Demolition Teams (UDT), Ranger Battalions, Jedburgh Detachments, or Office of Strategic Services (OSS), there existed a special operations branch which encapsulated the Confederate Secret Service, Secret Navy, and Special and Detached Services and Signal Corps. These three comprised the covert fighting ability of the Confederacy. Of all the other special operations entities that were created to establish a better state of the peace that had previously existed, none other made such a massive contribution to the war effort. This is what this book hopes to acknowledge and elaborate on.

Basic Income: A Transformative Policy for India, The Wrath of Yeshua, Reflektor 1: University of Applied Sciences and Arts, Dortmund, Design Faculty Annual 2008, Adventures in my Youth: A German Soldier on the Eastern Front 1941-45, Annals of Army of Cumberland (Military Classics (Stackpole Paperback)), Bhagavad gita: Capitolo 11: il Dharma globale per il terzo Millennio (Volume 11) (Italian Edition),
