

Watching others as they expose themselves " or reversing the equation by taking center stage " can be some of life's naughtiest delights. Hide and Seek proves that the eye is as much a pathway to pleasure as any other part of the body. The possibilities are endless: watching a lover undress from the safety of a hidden hole in the wall; peeking at the neighbors through a crack in the blinds when they think nobody's looking; visiting a local strip club to glimpse a beautiful dancer; or going to an orgy where a world of sexual scenarios suddenly appears. In Hide and Seek, readers get a front-row seat to the steamiest live action around as sexy men and women strip, tease, and make us beg for more.
