His Book *Der Einzige und sein Eigentum* (1844; published in English as *The Ego and His Own*, 1907) is the fundamental work of that philosophy and the philosophical basis of individualist anarchism. The German poet and anarchist writer John Henry Mackay carefully researched Stirner's life and published his biography in 1897, with a third, definitive edition in 1914. This is the first translation into English. John Henry Mackay (1865-1933) grew up in Germany with his German mother after the early death of his Scottish father.
