

Hello fellow Americans! My name is Glenn, and I own a company called Taylor, Levi, and Associates. Its an employee benefits brokerage in Maryland. As an insurance broker, I became very interested in promoting the benefits of federal health reform. I have seen the effects of high premiums first hand, and wanted positive change in this important area. As I became more familiar with the contents of the law, I realized how harmful some of the effects would be, and I had a change of heart. ObamaCare is more destructive to our incomes than is being reported to the public and, if you knew what I know, you would do what you could to get it changed for the better. The way to change it is to offer a better alternative. Staying the same isnt good. The better alternative...one that strikes an agreeable middle ground...is in the pages of Passing Obamacare. It is our responsibility, as Americans and as a wage earners, to use our voice, and our vote, to make our country better. It isnt going to happen without us. Writing this book is my attempt to add my voice, and to do something to protect our future financial capabilities. This is not about ideology...its about money. Thank you for reading, for purchasing the book (if Im so blessed), and for learning. Glenn Troy Morton Author
