

This title is directed primarily towards health care professionals outside of the United States. An understanding of medicines and their effects on patients remains a crucial area of nursing knowledge. This book provides a thorough foundation upon which nurses can build their clinical experience to achieve competence. It not only provides information on the actions of drugs on the body but also gives clear guidance on the practical aspects of medicines management in both hospital and community. Organisation of the text broadly follows the British National Formulary for ease of use. Management of medicines linked to their therapeutic use; Medicine administration linked with relevant care of patients where possible; Basic principles of clinical pharmacology underpin the therapeutic chapters; A chapter on the role of patients and carers is included; All content revised in the light of changes in drug therapy, clinical practice and medicines management including nurse prescribing; Key objectives for each chapter; Self-assessment exercises with answers; More detail relating to palliative care; nurse prescribing; A new section on Intensive Therapy; Totally redesigned in two colours with improved design and page layout, and better illustrations

Negotiating the Self: Identity, Sexuality, and Emotion in Learning to Teach, Keeping It Simple: A Principals Story of Change: A Guide for Closing the Achievement Gap, Creating High Performing Schools, and Laying the Foundation for the Common Core Curriculum, A Henkeepers Journal, Snippy and Snappy, The Cineaste Interviews: On the Art and Politics of the Cinema, A Fright of Ghosts: A Hollis Ball and Sam Wescott Mystery, The Face of the Foe: Pitfalls and Perspectives of Military Intelligence: Revised Edition, Subjectivity and Selfhood: Investigating the First-Person Perspective (MIT Press), Military Helicopters (Modern Military Techniques), Lets Talk About When Someone You Love Has Alzheimers Disease (Lets Talk Series) Revised edition by Weitzman, Elizabeth (2003) Library Binding,
