

Judge Jeremy Smythe-Thomson is presiding over the trial of two Columbian drug suppliers; the senior drug baron is Luiz Costello. The judge receives a phone call, telling him the drug baron's gang has kidnapped his only daughter, Julia, and if he does not find a way to release the Columbians, she will be killed. The judge calls on the help of Elliot and his friend Adam, the latter being ex-SAS and now operates a top security organisation. Adam traces where the girl is being kept and secures her release. The Columbians are then given heavy jail sentences. However, the gang manages to rescue Luiz. Before Luiz escapes from Britain, he gives orders to kill the judge, which they did. Adam then once again becomes involved as he sets out to bring Costello back from Columbia to continue his jail sentence. To do this, he makes contact with Leo Wallace, an American friend from his time in the First Gulf War, who, Adam believes, is now heading up a CIA section in Miami. It turns out Leo is also keen to deal with Costello. With a group of ex-army colleagues, they hatch a plan to bring this man to justice. However, unknown to Adam, Leo's intentions are for a different type of justice.
