

Human nature seems to demand that we seek to make sense of the meaning and purpose of events in our lives. And there is no greater struggle than trying to understand the pain and suffering that we and others we love often endure. People of faith also struggle to reconcile the concept of a loving God and the reality of suffering. Despite the hope we are given, there is still despair and questions, such as: Why did God let this happen? What does all this really mean in my understanding of God? Why can't I find peace in my heart? Daniel E. Johnson opens a door on the suffering in his own life and how he has drawn meaning and hope from these painful journeys, providing a path for others lost in the darkness and hopelessness of doubt to discover comfort and peace in God's unfailing love. "When You Ask Why" is succinct, well-written, direct, helpful, and encouraging. It touches your heart in its simplicity. • Zig Ziglar

The question "Why?" doesn't get nearly the credit it deserves. When we're 5 years old, we ask it incessantly "it's the one tool we have to understand the world."

When You Ask Why has 8 ratings and 4 reviews. Faith said: A broken heart yearns for revelation rather than explanation. It is God we need, a sense of H. In this context, I'd say the two meanings were pretty much identical since they are both referring to the current action (of the person asking for).

I disagree somewhat with Barrie. For most verbs the simple present can be used only in a habitual sense: Why do you hit him?*. But unlike children as young as three-to-five years of age, they do not seek explanations for causes of phenomena. Put simply, they do not ask. Laura Story, the singer of the hit song Blessings shares that in order to heal we need to take our why questions to God and start asking how. "Why? WHY?" If, like me, you have small children, you spend all day trying to answer this question. It's not easy: sometimes there is no answer.

Need help on which one should i use for my homework (english isn't my first language) I imagine love as a building that isn't finished yet. why. You need answers, but are you asking the right questions?.

I have learned there is a limited set of answers applicants give in response to this question and one particular answer is so much better than all. People will always ask you questions. When it is important to find out their reasoning Why or flat out answering is not the best solution. Recently I got emailed a picture that said 'the average 4 year old asks questions every day', and it got me thinking, why don't we as adults. Here is my ridiculously long list of good questions to ask. Use them to get a conversation going or as a fun way to pass the time with friends or loved ones.
