

In book 1 of this trilogy you'll meet Adeline Carryhill, an All American girl next door. She's beautiful, book smart and talented—but predictably inexperienced in relationships. After entering college, a twist of fate leads to a self-discovered, business savvy, beguiling, vixen who needs money fast. As this story unfolds, you'll witness Adeline's transformation from dependent subservient student, to Madame Adele, a heroine and the mastermind of a multi-million dollar escorting empire. Book 2 begins with Madame Adele and her girls, preparing for their first experience as Companions. The night comes and goes, but if they play the game right, the money could last a lifetime. They'll explore the history of sex trade in the U.S., perfecting what later becomes Adele & Associates, Inc., a premier group of self-proclaimed dating consultants, providing a myriad of services for a high profile demographic. The thriving business compensates the group of college pals with luxuries they could have never imagined—but of course there is a price. Madame Adele could pay with her life. Just when you aren't ready for the wild ride to end, the girls are back to finish what they've started, in book 3. Adele cheats death; the question is, who wants her dead and why? Lorraine experiences the perils of Rock & Roll. Brynn wants it all; do you think she's willing to pay the price? Jasmine walks away from the business, and into harm's way. The trilogy ends with a compelling twist. Are dating sites and prostitution indistinguishable? Should prostitution be decriminalized or legalized? Will prison be the girl's refuge from the shame and degradation of who the world thinks they are? We'll meet you in the courtroom. You be the judge.
